## **Laudatio**

### **Best Postproduction**

#### **„The Ivory Game“**

**Directors:** Richard Ladkani, Kief Davidson

**Editing:** Verena Schönauer

Terra Mater, Vulcan Productions, Malaika Pictures, Appian Way

**This film brings together all the forces of postproduction at the highest level. Sound, cutting, sound design, music, graphics and subtitles merge to convey the film's message in the best possible way. The different camera works and different narratives are brought together to a single and solid story through the harmonious interaction of the postproduction. This film sets new standards and succeeds to give us a fresh look on seemingly well familiar facts**
