

# GREEN SCREEN®

INTERNATIONALES NATURFILMFESTIVAL ECKERNFÖRDE  
**11. - 15. SEPTEMBER 2019**

## **Laudatio**

### **Best Marine Film**

#### **„Das Wesen der Wale“**

**Director:** Rick Rosenthal

**Cinematography:** Mark Romanov, Rick Rosenthal, Erick Higuera, Tom Piozet, Dan Evans

**A Terra Mater Factual Studios Co-production with DOCLIGHTS/ NDR NATURFILM in Co-operation with ARTE FRANCE/ Unité Découverte et Connaissance and WILD LOGIC**

Marine mammals easily outwitting humans with (nearly) the same feelings. Unexpected behaviour of orcas and humpback whales, gray and sperm whales. Rick Rosenthal brings us brilliant images showing the intelligence and individuality of those fascinating animals. Unique hunting practices complex social interaction and emotions never seen before. Fantastic!
