„plan b: Die Wächter der Bäume – Waldschutz mit Weitsicht“

Director: Melanie Jost

Cinematography: Gerardo Milsztein, Ion Casado

A taglicht media Production for ZDF

The Heinz Sielmann Award is about protection of species and the preservation of biodiversity. With two nominations from their programming, the ZDF “plan b” desk is the only German programme series to not only highlight the problem of the protection of species but also to outline solution approaches. Their documentary “Die Wächter der Bäume – Waldschutz mit Weitsicht” is a convincing example.
