„Das Oder-Delta - Grenzenlose Wildnis an der Ostsee“

Director and Cinematography: Christoph Hauschild
Script: Christoph Hauschild

A coraxfilm Production for Doclights/NDR Naturfilm in Cooperation with arte, rbb, MDR and ORF

You do not always need exotic locations. You can watch spectacular animal behaviour anywhere where nature has been given room. This endless wilderness lies just a stone's throw away from the white beaches of Usedom's seaside resorts.

Christoph and Almut Hauschild managed to create a masterpiece portraying the diverse fauna of the Oder estuary. Spectacular images of 200 breeding sea eagles, wild wisent herds, and several wolf packs.
