Best Cinematography

„Okavango - River of Dreams - Inferno“

A Film by: Dereck Joubert

Kamera: Dereck Joubert, Taylor Turner

A Terra Mater Factual Studios und Wildlife Films Production in cooperation with Thirteen Productions and Doclights with PBS CPB ARTE FRANCE / Unité Découverte et Connaissance/ National Geographic Channels and SVT

This film celebrates a natural treasure that does not always shows its heavenly side. Through aesthetic perspectives and the masterly use of light, the camera work delivers a poetic quality that mirrors the filmmaker's deep connection with this unique ecosystem. One time the pictures are silent and pensive and the next moment they are powerful and dramatic – just as the river that they show – the Okavango.
