Waterhole Films

A wonderful symbiosis is depicted, whose main story is expanded by many sideshows. There are smaller and larger catastrophes, but also moments of happiness.

Another point why we chose this film is the camera work and music. The right perspective and music really immerse you in the animal world.

A fun and beautiful film that does well in this time where everything is so difficult. Perfect to sit on the sofa and enjoy.

The AWARD OF THE JUVENILE JURY goes to:

Victoria Stone and Mark Deeble

"The Elephant & the Termite."

Congratulations!
