Laudatio **Best Animal Behaviour**

“Life Force 2 – Borneo”

Scriptwriter/Director: Satoshi Okabe

Cinematography: Daisuke Hongo

Broadcast/Production: NHK, Natural History New Zealand Limited and CCTV9 in association with arte for Science Channel

Wildlife filmmakers lie in wait for an eternity trying to film extraordinary animal behaviours, often enough with limited success. Capturing exceptional footage is a battle and you need a certain amount of luck. By adding several fascinating and for many spectators' surprising behaviours the filmmakers have created an unusually dense film about the exciting fauna of a legendary island.
